Firmware Release history: DaVid and Slaves			

April 5th 2005 **Firmup_DAVID_060405.exe**

Logger	Version	Changes – Additions
DaVid – Video Recording System	17.07	<ul style="list-style-type: none">• Changed direction of accelerometers visualization on display

July 11th 2005 **Firmup_DAVID_050711.exe**

Logger	Version	Changes – Additions
DaVid – Video Recording System	17.06	<ul style="list-style-type: none">• Added 1/5 RPM Multiply factor• Modified management of “Video Numeric Objects”• Modified Free Time management in lap graphic object: Last lap time is shown for 5 seconds.• Improved gear compute:<ol style="list-style-type: none">1. compute needed time is 1/10 than before.2. Corrected compute in some particular cases like when recording lap and recognition of a gear less than declared (like, for instance when starting engaging second gear for compute lap).• Added support for Video Configuration reading for DaVid Slave included in Race Studio 2.20.13• Corrected Accelerometers management• Clear data message displayed on MyChron 3 Dash when made and clear data message sent to same MyChron 3 Dash at DaVid switch on if DaVid memory is empty.• Fixed bug: corrected Speed 1 and/or Speed 2 management for ABS sensor

May 11th 2005 **Firmup_VIDEOSYSTEM_050511.exe**

Logger	Version	Changes - Additions
DaVid – Video Recording System	17.05	<ul style="list-style-type: none">• Calculated gear available from both RPM/Speed or ECU• Corrected bug: wrong channel 5 management with calculated gear• Displays warning messages concerning configuration errors and calibration procedure step.• Improved reference speed management• Added possibility of firmware upgrading for MyChron 3 Slave (version 10.08)

April 11th 2005 **Firmup_VIDEOSYSTEM_050411.exe**

Logger	Version	Changes - Additions
DaVid – Video Recording System	17.04	<ul style="list-style-type: none">• Corrected ECU channel configuration for System Visor

March 31st 2005 **Firmup_VIDEOSYSTEM_050331.exe**

Logger	Version	Changes - Additions
DaVid – Video Recording System	17.03	<ul style="list-style-type: none">• Added MyChron 3 Dash 15.01 firmware version support• Fixed lap visualization (Test and split number)

March 11th 2005 **Firmup_VIDEOSYSTEM_050331.exe**
